The "silver screen" has presented to us a world apart from our own. A world of make believe, of glitter and gold, where happiness reigns supreme. Most of us at one time or another, dream about being in motion pictures. We see ourselves as stars working in the most glamorous business known

The 1974-75 Scimatar Staff acknowledges these facts and we believe that "YOU Oughta be in Pictures". So that you may realize that dream we have created , a picture book in which the students of Santana are stars. So, lights, camera and proceed to 256 pages of Santana action.

Person on the street interview:

What movie title best describes your years at S.H.S.?

Seeking participation from the students and faculty, we set aside four pages to state faculty and student opinion on controversal events or points of interest.

The students pictured below were just a few of the many accosted by our star reporter and ace photographer one day during the morning break. Answers to our questions varied greatly and pointed out a wide variety of ideas of life at Santana.

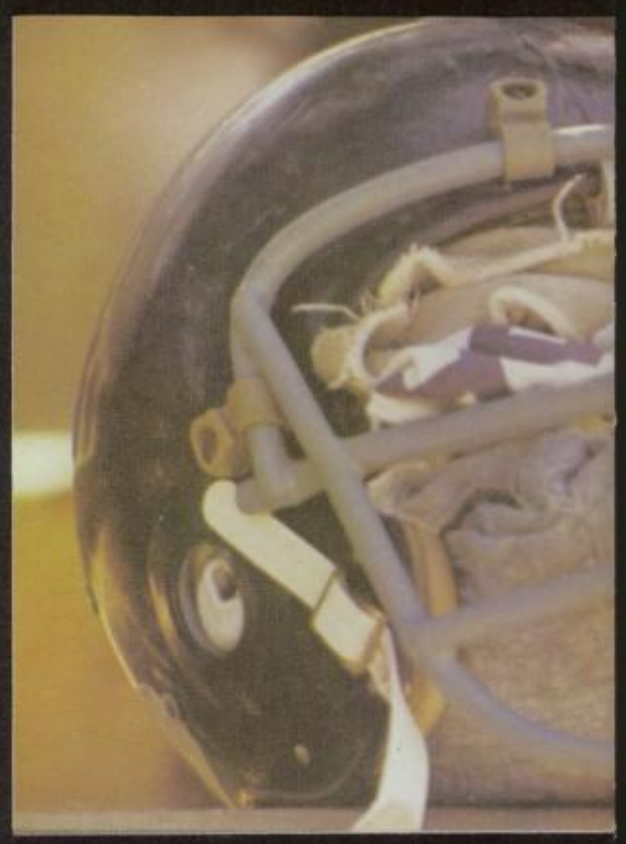
Jim Krause- " 'Each Dawn I Die', because that's how I feel when I have to get up at 5:30 every morning."

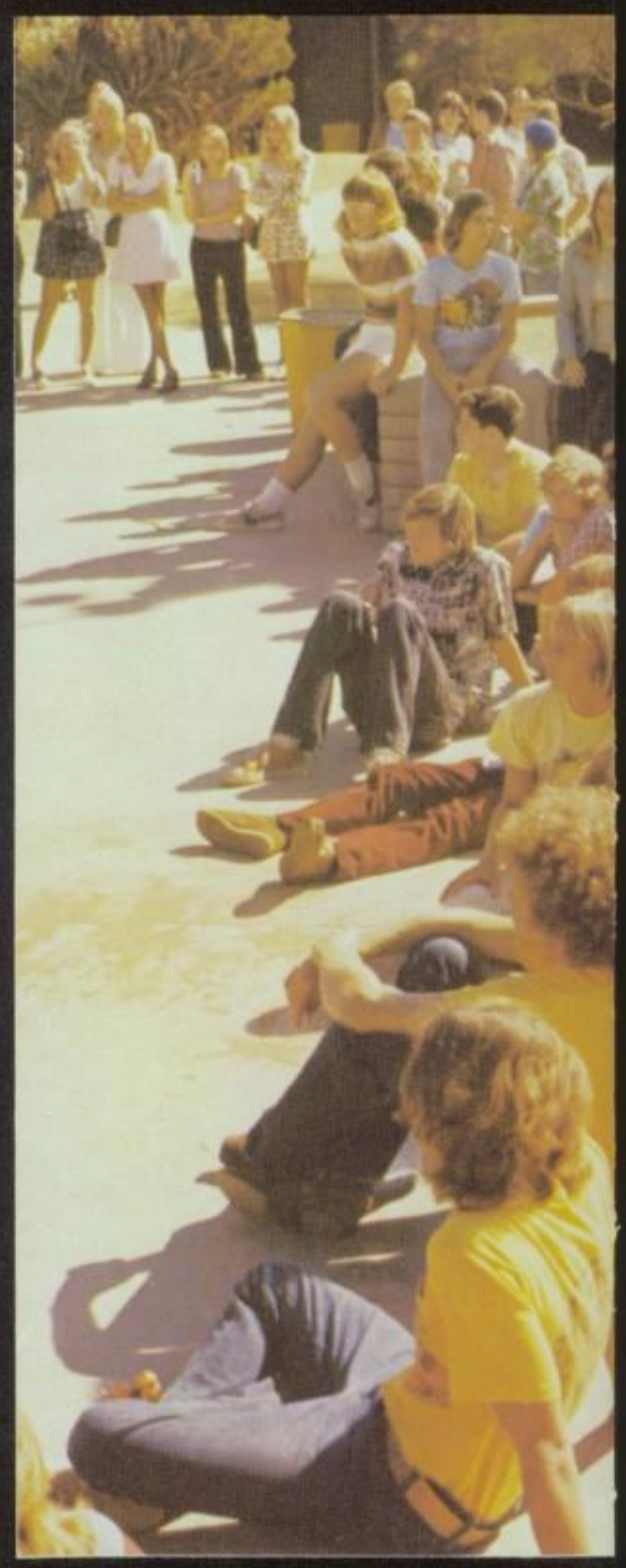
Leonard Pugh- " !High Noon', because I can't wait to high noon every day to get out of here."

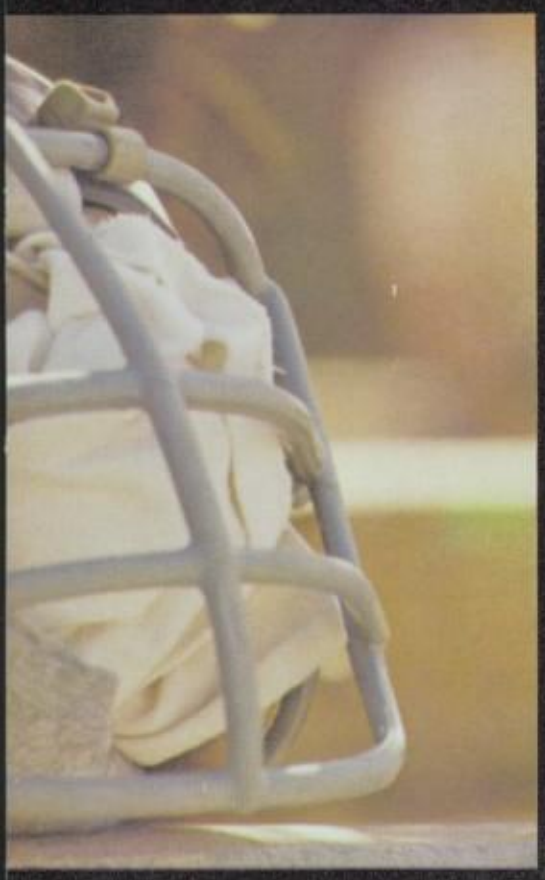
Becky Duran- "I think of the 'Great Race', because to me it means more learning, more seeing and much more doing. We race for knowledge and good times and experiences for four years and then race on to what's left."

Becky Lafferty- " 'The Last Hurrah' because to me that stands for Santana's lack of spirit."

M.R. Iglow- " ' Soylent Green', them little green crackers in the movie remind me of the bread in the cafateria, They taste like this civics teacher I used to have."







Celebrities are nothing but ourselves seen in a magnifying mirror.

"TEN YEARS AFTER"

Homecoming "74" was unusual to say the least. Upon entering the gates it started to rain. Before the end of the second quarter there was a big down pour. The Santana Marching Band, Hand Corps, and Banner Corps raced off the field before half time along with less hardy Monte Vista fans, leaving drones of Sultan fans under the snack bar roof, in bathrooms and even under bleachers. One could be led to believe that the Homecoming festivies would be ruined, but not so. The classes still had their cars packed for the trip around the field, fire works were shot off, and the game still went on.

The queen and her court were to be announced at the dance afterwards. Eleven o'clock rolled around with everyone nervously waiting to see if they had won their bets. As Candy Chenowth stood on the stage ready to announce the queen, the girls in the court clutched their bouquets of carnations tighter. Then the big moment, "The Homecoming queen of 1974. . . will be announced by Rick Snow." All you could hear in the gymnasium was a big groan. Finally Rick proclaimed Michele Hurst the victor. Cheryl Kolesar, last years queen, then crowned Michele with the traditional crown. Most of the people cheered, but a few still cried.

Another homecoming ended for Santana High School, one with a history quite unique from all the others. "Ten Years After" was the Homecoming theme this year. The theme represents Santana's tenth year anniversary.

happy
Suzanne
Holderby

Starlight Christmas "74" was held in the beautiful Montezuma Hall, on December 21st from 8:00 till 12:00. The beauty of the evening was graced by Queen Suzanne Holderby and her court; Princesses Debi Spees, Stacey McCollum and Debbie Nichols. The mood of the evening was set by the music of Atticus Finch. Bids were $6.00 a couple, $3.50 stag. The affair was chaperoned by Mr. Guess, Mr. Hunter, Mr. and Mrs. McCluskey. There was a good turn out of over two hundred couples.

LIGHTS, CAMERA,

This year Drama was off to a great start. The department sponsered Western Week, October 7-11, which included a dance, an assembly, and lots of cowboys and Indians on campus. The assembly featured the Traveling Improvs, a group of Santana's best drama students, who travel throughout San Diego County performing at various places. These Traveling Improvs are Carol Baxter, Susan Holderby, Ed Horning, Kathy Leo, Rudy Stegman, and John Walls. At the time of the yearbook deadline, a Christmas Collage and two plays are being organized. "Charlie's Aunt" and "The Drunkard" are planned for February and May respectively. As in past years, the plays are sure to be a success under the guidance of Miss Norma Basgall.

New Spirit for Santana Matmaids

This year Coach Richardson organized a new group of girls just for the wrestling team. Once these girls were together they elected officers, which were: President-Sue Irion, Secretary-Mary Slobig, Treasurer-Vikki Ramey, Publicity-Stephoni Hurst, Linda Briggs, Anna Maria Hernandez, and Lori Barber. The group organized activities like car washes, bake sales, and candy sales to help earn money for their uniforms. After the hard part of their job was completed these girls started going to all of the freshmen, JV, and Var., wrestling marches and supported the wrestlers by cheering them on to victory. The Matmaids are as follows: from R to L, Melody Jackson, Stephoni Hurst, Joann Ravanelli, Joni Gamblin, Sue Irion, Anna Maria Hernandez, Linda Briggs, Vikki Ramey, Kathy Eiring. Not shown, Mary Slobig and Lori Barber.

"The Hills Are Alive With The Sound of Music"

Choir is for people who like music and like to sing. Most of the first semester was spent preparing for the Christmas season. In addition to their own Christmas program, the Choir gave performances for other schools and for various clubs in the area. The second semester was also devoted to performing for other schools, and wound up their activities with the Spring Concert at which awards, pins, and trophies were presented.

If you have ever been to Campus Life you'll know that it is just a bunch of nutty kids who get together and have a great time. It's being with your friends and having fun with the understanding leaders Kathe Nicolet, Rich Hanson, and Mike Priest.

Campus Life meetings were held at Lenore West's house on Thursday at 7:17. Every other Thursday a more serious "Insight" was held which got into understanding Bible and talking over experiences and problems with each other.

At the beginning of the year a giant Burger Bash was held at Pat and John Vega's house. It was a great success.

As in the past the well known Haunted House was held on the dates of October 25th thru 31st. Its new location was Balboa Park Bowl instead of Hotel Circle as usual. The response was overwhelming.

Student Chained In

By Mike Drakeley

"We're beginning to feel like prisoners," was what one Santana student had to say about the chained parking lot. There are a few reasons why the parking lot has been chained up. I talked to Mr. Henry to find out why.

"The parking lot has been chained to control the amount of people who come onto campus every day. Also to cut down on the number of thefts from cars in the parking lot."

There has been a negative reaction to this. The only problem with having a chained parking lot is that the teachers and students who come to school at odd hours of the day can't get in.

A poll was taken to find out the students view on this situation. Some of the reactions are as follows:

C.P. said, "I think it's stupid. People who have sports after school can't get in."

L.M. said, "I think it's really dumb not being able to go into the parking lot."

C.D. said, "I think that we as students, should have the right to

CONSULTANT Staff Ready To Work

The Consultant staff is at it again! Doing what? Writing your newspaper of course! Along with a few of last year's staff we have some new faces. We have one face, however, that will never be "old", and that is the one of our very hardworking advisor, Mr. Clark Staples. This is his second semester as CONSULTANT advisor, so he really knows whats going on.

We have some experienced people as our editors once again. Vickee Streit is Editor-in-Chief, and serves as the news or page one editor. She is also a co-writer of "Intelligence Limited."

Greg Gallien and Cathy Chance run page two, editorials. Greg was co-editor of page two last year. On page three as feature editor, we have Steve Chase, who was in the same position last year. He is the other writer of "Intelligence Limited". We really have a good line up on our sports page, page four. Jeff Allen with co-editor Lance Stallings doing boys sports while Verna Tucker takes care of the girls.

There are two photographers this year instead of one. They are

If The SPIRIT Moves You

Spirit is a very important thing around Santana High School, especially around football season. This is the time when everyone should show our team that we're behind them.

The lack of cheering at recent football games was sickening! The cheering section, we must admit, was kind of spirited. But who said that cheering is limited?

Anyone can cheer, its legal! And it's certainly helpful. When the team knows that their efforts are appreciated, they'll try harder to win. When nobody cheers, or even acts interested, it follows that the game could be lousy. Who likes a lousy game?

Remember our 8 to 6 victory over Helix a short time ago? Well, spirit helped our team beat Helix. Though skill and knowledge on the part of the players is a must, so is spirit! When we lost to Grossmont 22 to 14, the lack of concentrated spirit was a determining factor. The cheering section at the games is only half full, and many older people get upset when students cheer, but who cares? Cheer loud and clear!

THIS EDITORIAL DOES NOT NECESSARILY REFLECT THE VIEWS OF THE ENTIRE STAFF.

Mr. Cooper Welcomed

Mr. Gary Cooper is the new assistant advisor for the Consultant, assisting the current advisor Mr. Staples. He is doing so by student teaching through United States International University (USIU).

Mr. Cooper is a graduate of Mount Miguel High School and also the University of Kansas, where he received a Bachelor of Science degree in Journalism.

Not only is Mr. Cooper assisting the Consultant, but is also assisting Coach DiTomaso with his third period P.E. class. As if two classes here at Santana were not enough, he is also an assistent coach at Valhalla High School.

The Consultant would like to welcome Mr. Cooper as assistant advisor and also to Santana High School.

go in the parking lot."

N.W. said, "We can't get in, don't like it."

J.P. said, "Stupid. Too much of a hassle for people who work."

Although most student reaction has been negative, Mr. Henry says that the students have been co-operative.

Jim Evens and Sandy Deakins.

There are many other people without whom the paper could not survive, but lack of space restricts writing of each of them.

The 74-75 CONSULTANT staff promises you, the students of Santana, the best and most informative paper we can possibly come up with.

Second Santana Traffic Fatality

On March 10, 1975, Mike Hoots, a junior, was hit by a car in front of the school. Mike died the next morning. He will be missed by his friends and family. This was the second traffic fatality in front of Santana. Administrators hope for stricter regulations and lower speed limits in that area.

Slam & Praises

An inquiry was conducted pertaining to this newspaper. Some of the student comments are as follows:

1. The articles are very interesting.
2. I don't know, I never read it.
3. The paper has greatly improved over last year.
4. The paper is boring.
5. I always wonder who the writers are. They're crazy with a capital C.
6. It's great! I'd rather read Intelligence Limited than comic books.
7. It's corny!
8. The cartoons and Photographs are done nicely for the most part.
9. I know some of the reporters and editors. They are a bunch of weirdos.

Key Club and CSF Provides Student Services

Key club is a unique Kiwanis program for youth. It also provides many services for the community such as selling refreshments to spectators at the 7th & 8th grade cross country meet. Their goal this year was to build a concession stand on the football field. They had a lot of fun losing their softball game to the KGB disc jockeys. They met every Monday night in the career center to plan more outings. The president was Frank Clance, vice president, Steve Horning, secretary Bill Hamilton, Advisor, Mr. Dunton.

California Scholarship Federation is a state wide organization to encourage interest in scholarships. It may also be called the Phi Beta Kappa of the high schools. There are chapters in every school throughout the state. You must have a B+ average. Students who have been members four of their last six semesters become seal bearers earning the CSF gold seal on their diplomas and college transcripts. Monthly meetings were programed in room 904 to plan social activities such as picnics and trips to Balboa park.

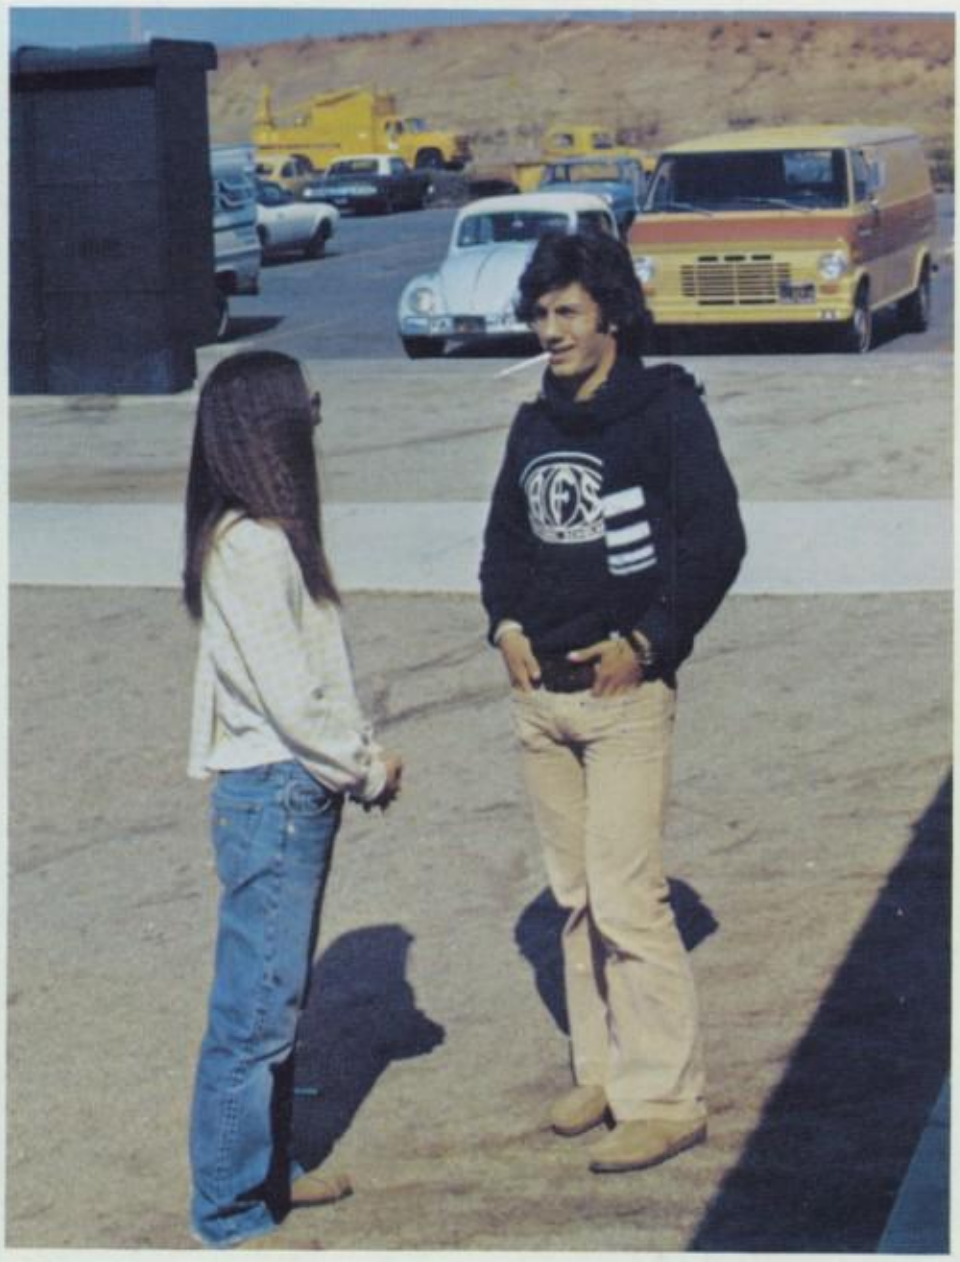
AFS - REACHING OUT TO OTHER COUNTRIES

Coming from an old European country, at the beginning I found it difficult to get used to your buildings, your freeways, your way of thinking, etc. Now I found some real good friends who really try to help me, for at the beginning I was a little bit frustrated because of the language; it is really frustrating to not be understood when you speak to somebody. And at last I am almost used to your American hamburger, which has been real hard, but I made it (well, I didn't have any choice. . .).

As you may know, schools in my country are really different. The main point is that during all your classes you are with the same guys. The advantage is that you find more good friends in your classmates. But on the other hand you just have 20 or 30 people in the school and that is a disadvantage.

In this letter I should like to thank the whole "I" Club for the unbelievable work they have done for me. Now for the AFS students and Santana students for accepting me as one of their citizens. And if someday you students from Santana come over to France I would be very happy to do what you have done for me, so feel free to knock around my door. My address in France:

Marc Renverse
107 Chemin des Bonnelles
4900 Angers, France



Dear Sultans,

I remember the first time when somebody asked me about this school and about the people. I answered that I was unhappy because everybody stick to themselves. When I said that words I never imagined how much rejected I was gonna be someday, as I am now, because everything has changed in my life; right now I am the happiest boy in the world, Why? Because the people are wonderful. Everyday I'm making new friends and it makes me feel very good cause I like very much to know people and give my friendship to everybody.

I am very thankful with all that people that in one way or another have tried to give me help and to make me feel as much happy as I am. Also, I think I got the best family in the whole United States cause they have given me all the love and fondness I didn't wait to receive. I have felt like in my own country and my own family.

About the school, I like Santana very much cause it is a really different school for me. I never used to have all the activities we have here cause my school in Guatamala was just for study. We don't have enough time to do all the things you do, but what I don't like here is that we have to change rooms for each class cause in this way I can't get close friends.

To finish I just want to say that my experience as an AFSer will be forever the best I could get in my life and I want to express a very sincere thank you to my family and to all the people of this school. I won't forget everything you have done for me cause is invaluable for me. I know I'll come back to see you again, cause this country will be always in my heart.

Sincerely,
Ricardo Solares

Foreign Students Stand Out From the Crowd

This year at Santana we have four foreign exchange students not with AFS. They are: top row, Hanna Bergman from Finland with Youth for Understanding; row 3, Nancy Calle from Ecuador with International Cultural Exchange; row 5: left to right- Laura Diaz from Mexico with Youth Exchange and Elsa Pastor from Ecuador with International Cultural Exchange. These students have helped us by informing Santana students about other countries. Thanks a lot, girls.

i-HoP-I Club Helps Out People

The International Club started the year off with an art and craft show at Parkway Plaza and they made a profit of $396.16. The I Club also had the annual AFS jar drive, and an International Fair in the spring.

Lorri Crull was our student abroad. She was in Brazil for one year and arrived back in the states this January. The International Club is setting up a domestic exchange program where students in the U.S. can go to other schools in other parts of the country and learn the different life styles.

The I Club has one of the largest memberships ever; over forty people belong to the club. The officers are Pres. Barry Spencer, Vic. Pres. JanetPeterson, Sec. Linda March and the advisors are Irma Rooney, Susan Arthur and Kathy Lwebega' Mukasa.

Varsity Cheer Raises Yell!

This year's Varsity Cheer Squad was greater than ever in contributing towards building school spirit. They worked hard during a week in the summer at cheer camp, at the University of California at Santa Barbara. They spent many long hours under the sun, practicing and learning new cheers and songs. Santana's Cheerleaders participated in many activities of the school year, such as pep rallys and assemblies, and all the sports events. The Sultan Eight were led by Head Cheerleader, Carol Baxter, who did a tremendous job of organizing and planning every step to pep the Sultans!

Varsity Sultans fought hard and well through a difficult season. Competition in the Grossmont league was hot and heavy making the stands wonder if they were watching prep or pro ball. Santana had a hard nosed team that played well together. We were in every game losing by no more than 8 points. Strong defense and outstanding offensive plays from seniors Terry Hanslik, Rod Kelly and Kevin Akenson aided the Sultans in proving that they don't go under easily. Coaching at Varsity level consisted of Art Preston, Will Prejean, and head coach Joe Di Tomaso.

Run Through Season

Coaches Sam Padilla, Mike Curran, Jack Brown and head coach Clark Staples led a determined J.V. team through a long, hard season. Linebacker Jim Foster held the defense together and an abundance of running backs aided offense. Granite Hills was crushed by Junior Varsity 14-6, giving them their only victory this season.

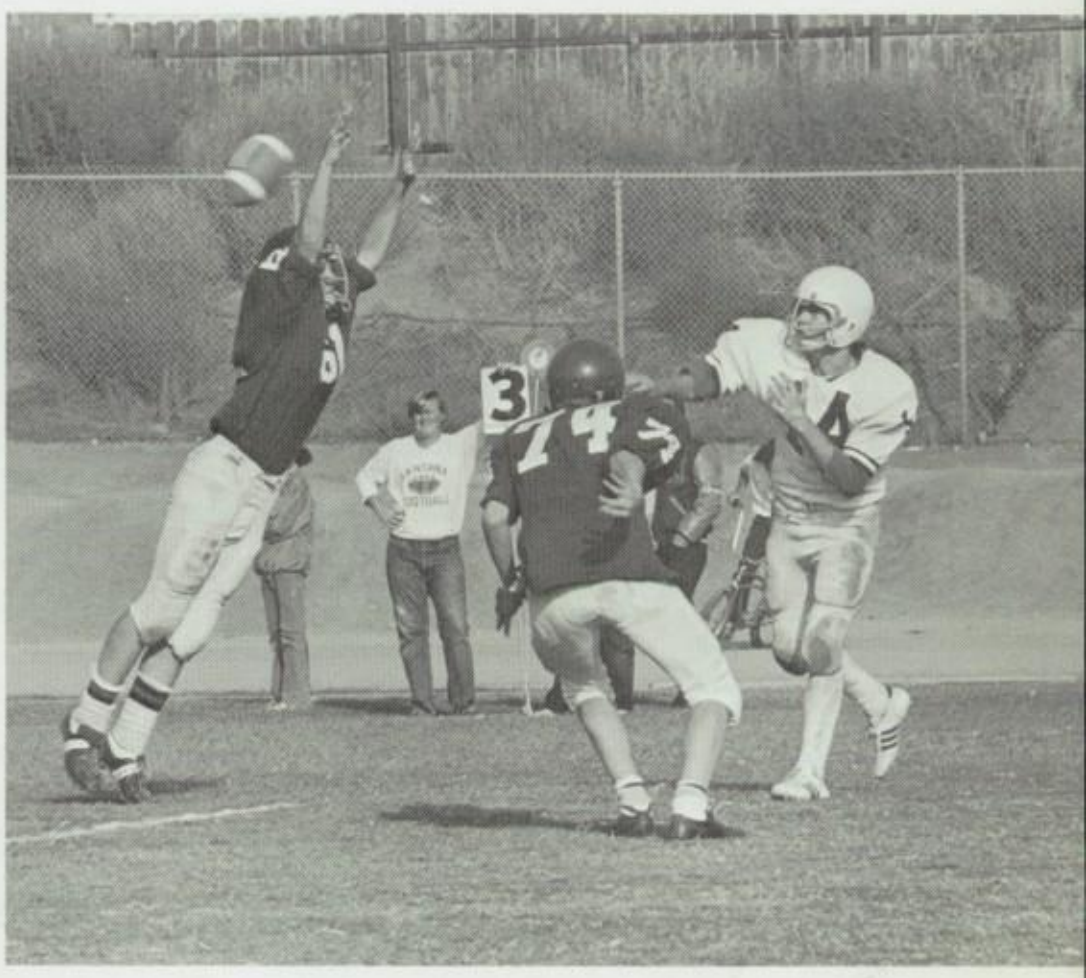
A Fight To The Finish



Freshman football fought through a disappointing season with 5 defeats in a row. Their determination to be Victors pulled them through by nicking St. Agustine 7-6, and sliding by El Cap 27-22 at the end of the season. Freshman coaches were Bill Homik, Ray Shoten, and George Cartwright. The team managers were Derril Wilkens, Mickey Malone, and Dan McCall. Chuck Sterling was the equipment man.

There was an upward trend for the Sultans this year in the Grossmont League, The semi-experienced team, with senior runner Glen Guzman, spirited the Sultans to a 3-9 season record. The JV and Frosh teams had good seasons. The hurriers promise to have a new kind of season in '75. Coach Herzog said for the '75 Cross-Country season there would be a new perspective in preparing for it. This new preparing showed on the Frosh level with a 7-1 record. The JV had an improved season with a record of 4-8.

Sultans can look forward for the '75 season with Jr. runners Ralph White & Keith Howland also with the best Soph. runners ever for Santana, Jim Picos and Jim Davies.

WATER POLO

Varsity Water Polo proved to be the best in Sultan history. Under the guidance of Coach Marty Nellis, the Sultans won more games than in previous years. Their record was 9-10 with outstanding leadership from seniors Mike Hartpence, Capt.' and Mark Ziegas. The team was comprised mostly of juniors with John Leitline demonstrating underclassmen power. Coach Nellis expressed the need for depth stating, "The team was two swimmers away from C.I.F.". J.V. fought hard through a tough season. The J.V. team was comprised of freshmen. Out of league J.V. did very well giving Santana great expectations for our upcoming swimmers.

Girls' Swim Races Against The Clock

Santana's Girl's Swim Team was larger in number as well as spirit this year. Under the dedicated supervision of Miss Florence Esgate the team was better than ever, winning against El Cajon and losing to Mt. Miguel by just thirteen points, and finishing with a record of 1 win and 7 losses. Under the new C.I.F. rules only Varsity swimmers scored. This made it even more difficult to gain the needed points to win.

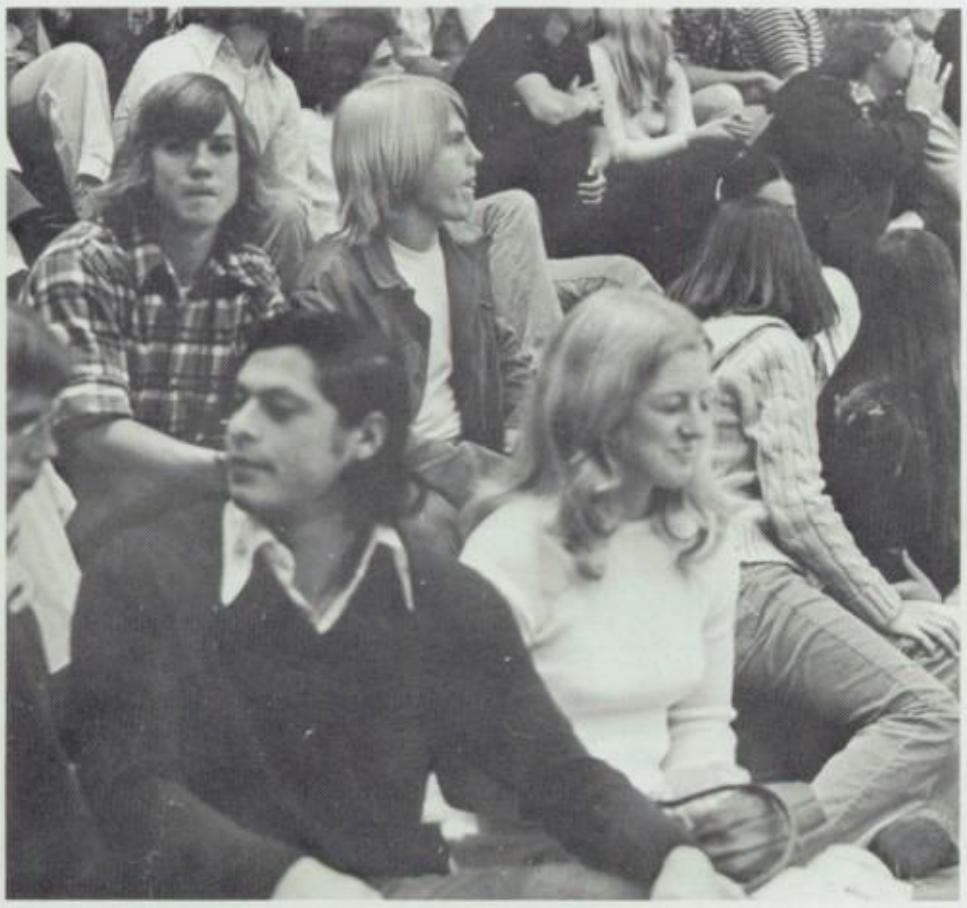
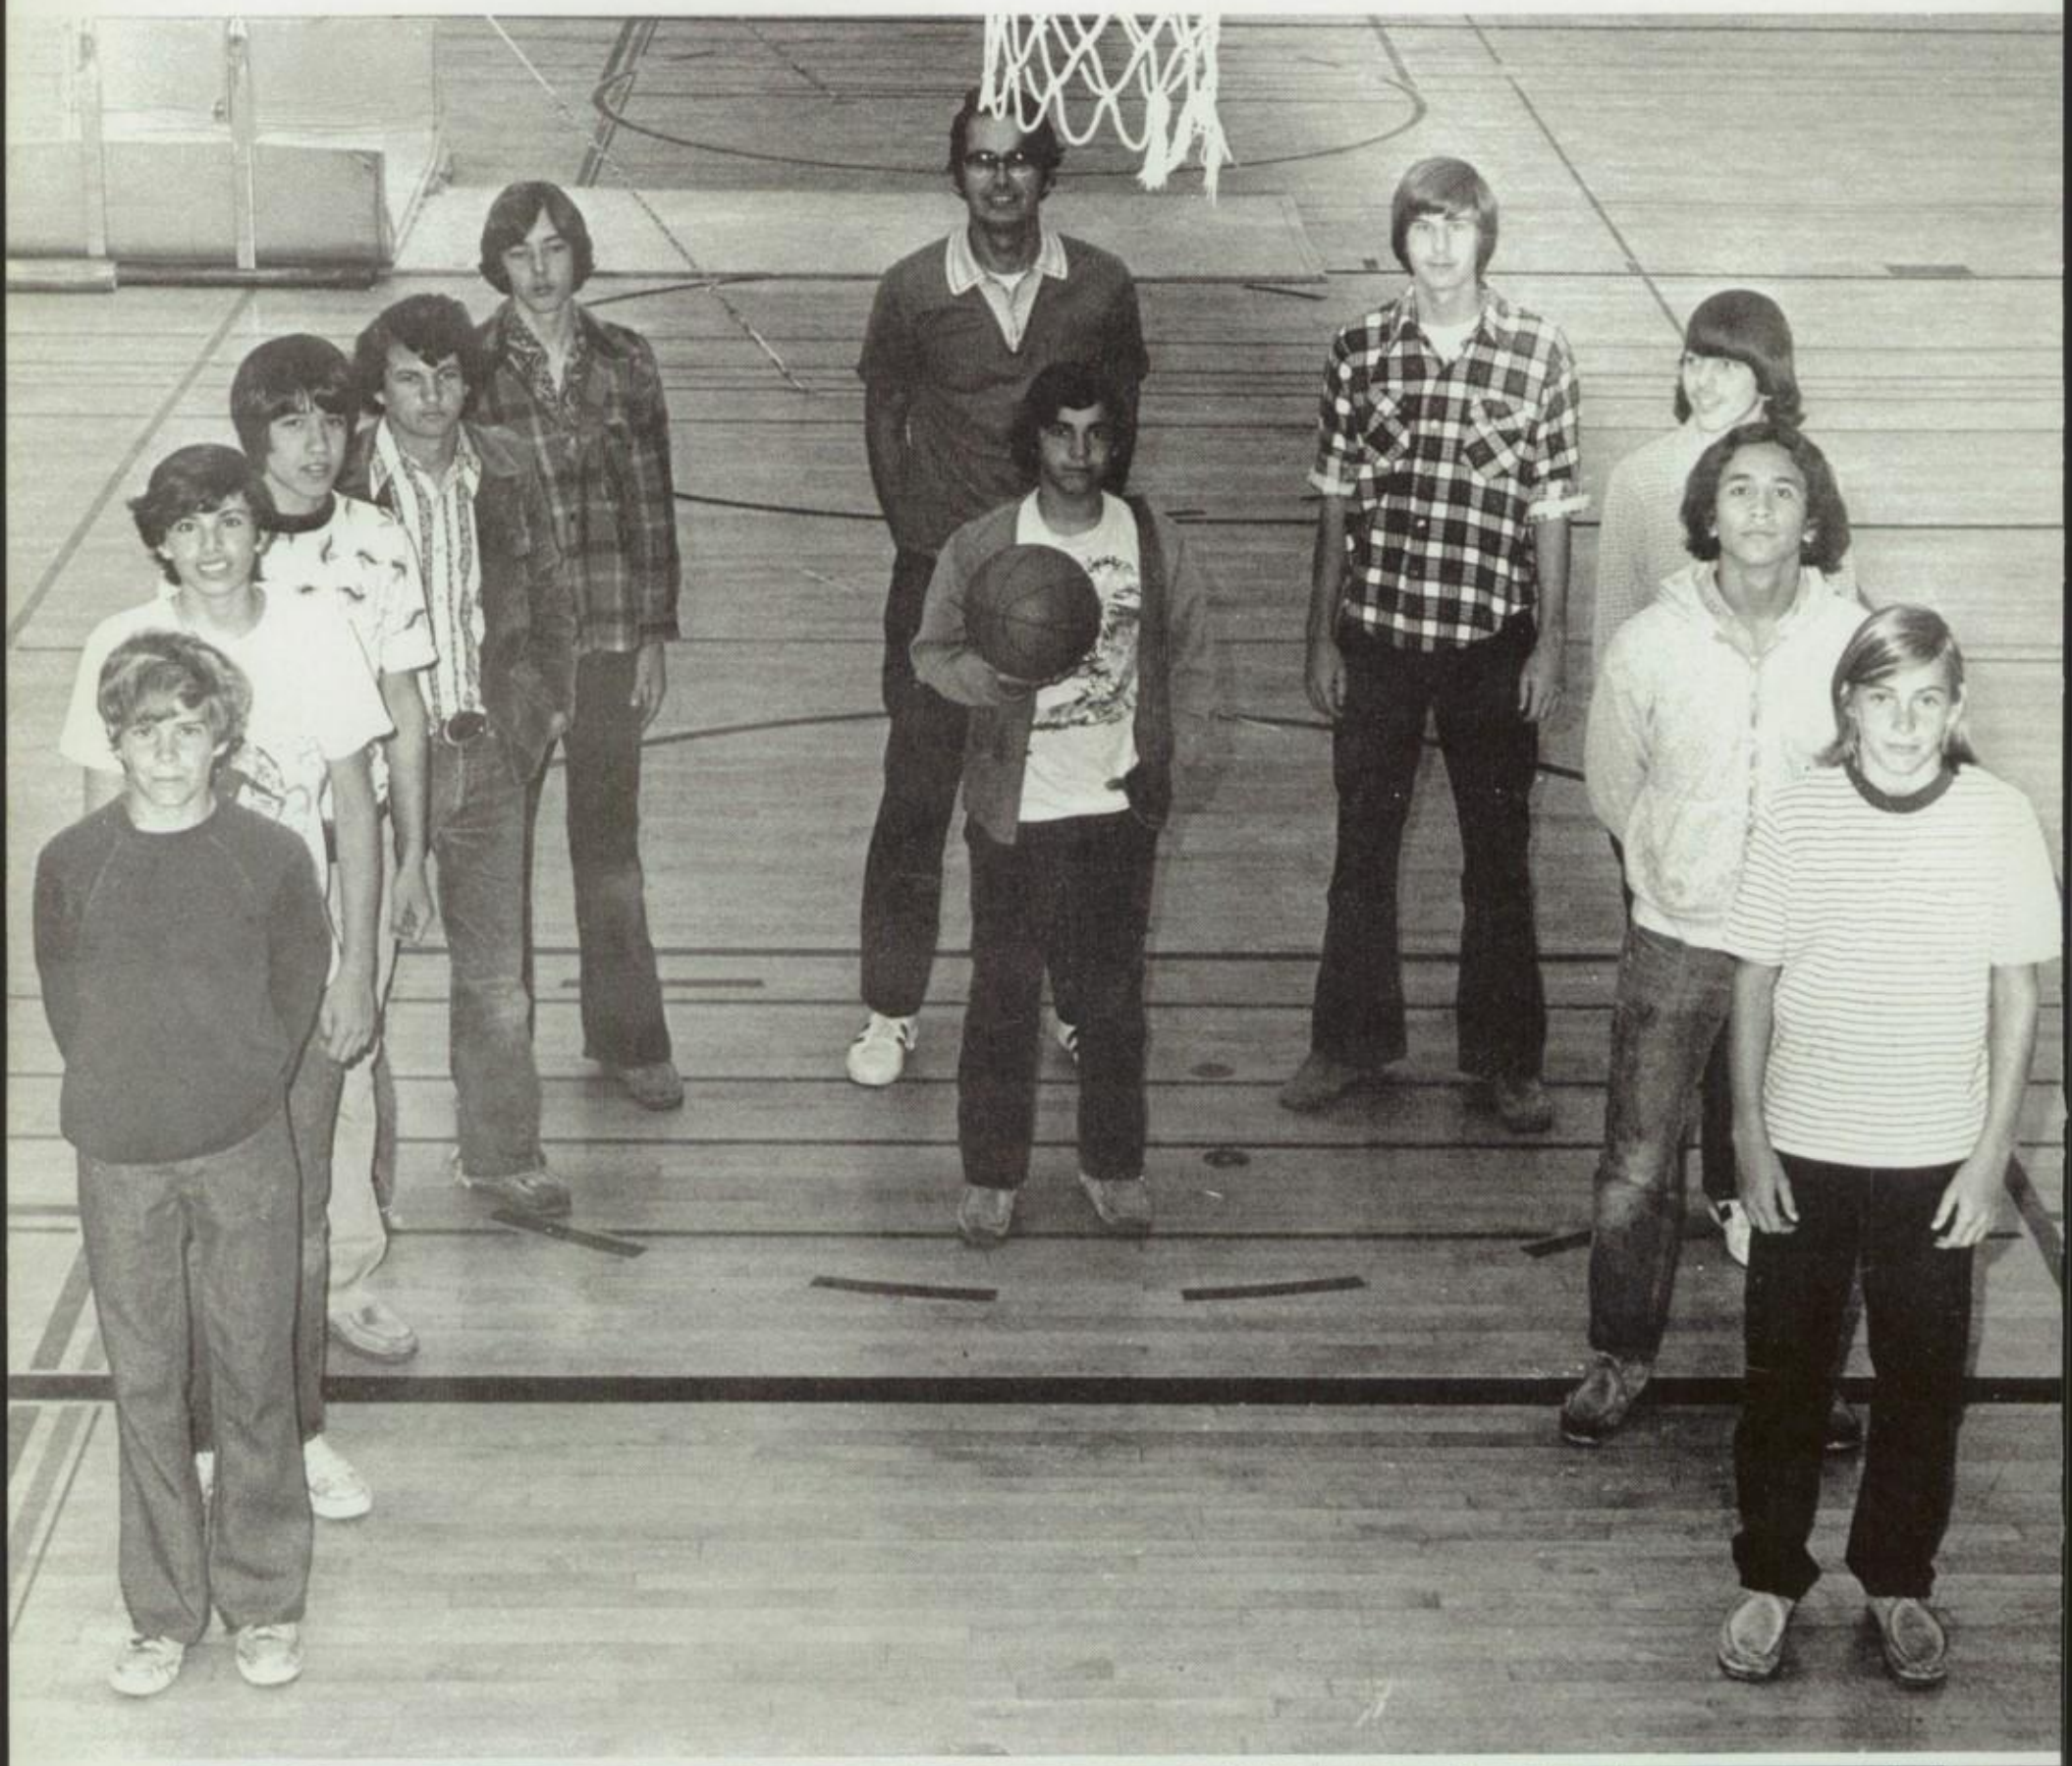
Winning Season



The J.V. Basketball team ended a winning season with a 12-10 record. According to head coach David Hunter, "Our performance this season was inconsistent. At times we played brilliantly, but at other times we played poorly. Our biggest enemy was inconsistency. We were physically prepared but we made a lot of mental errors. Many boys gained the experience needed to play Varsity next year. I was proud of the way the team worked hard in practice and the positive attitude that was displayed throughout the season."

Marc Price, until he went Varsity, Rich Mitchell and freshman Todd Harper were some of the outstanding players this season. The J.V. team was entered in a very important tournament at Christmas, but was defeated by Bonita Vista in the semi-finals. Bonita Vista eventually won the tournament. We took a third place in the tournament which was quite another prize in a successful season.

Frosh Basketball . . . This Is



Only The Beginning

Freshman basketball fought hard and well this season finishing second in the league.

Under the guidance of Coach Bill Cowmey the team showed much promise for future seasons.

Fuzz Rand showed much promise and led the team to many a victory. Spirit was high in the Freshman class led by their lovely cheerleaders.

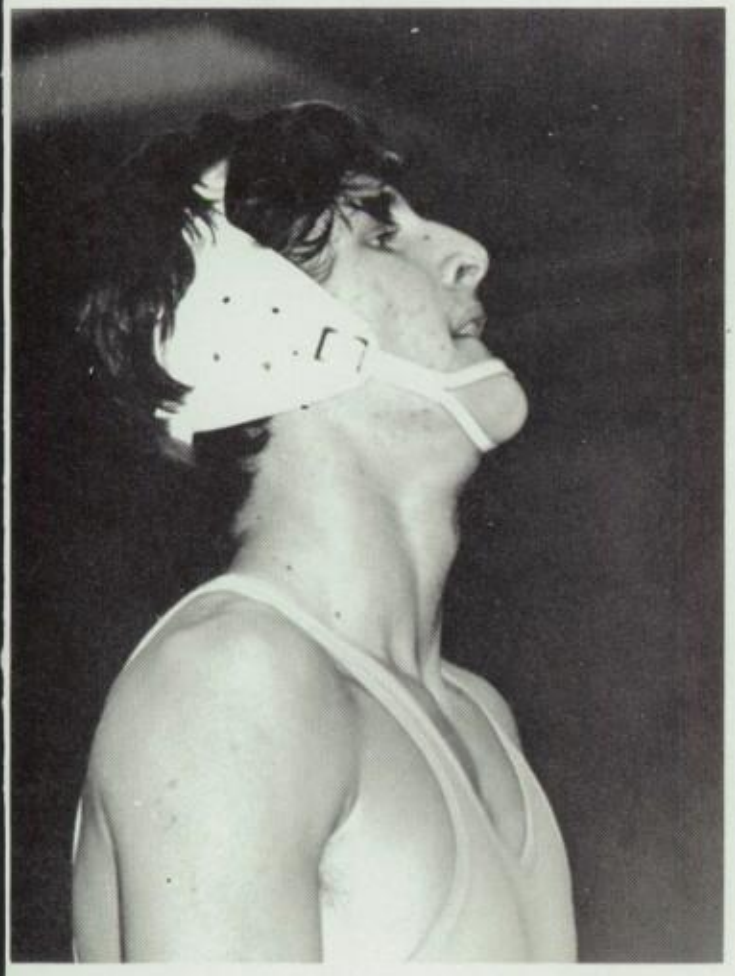
Varsity Wrestlers Show Pinmanship

Top left; Pat Vega overpowers grappler enemy Middle left; Sultan wrestler Richard Carpenter wears the face of relief after another tough match



This years wrestling team did very well compared to last year's team. Our over all record is not that impressive, but one must consider the league that we are in. We beat all other League champs, but still have to meet the stiff competition in the Grossmount league. Standouts for this year were Joe Henry at 106 lbs., Paul Roche 115 lbs. Dennis Herrington at 123 took 3rd in S.D. C.I.F. and qualified for the state meet. Richard Carpenter 157, Jeff Meyers 178, Pat Vega 194 and Mike Moir at Hwt. Although we are loosing Herrington, Carpenter and Meyers, there are many outstanding Junior Varsity wrestlers waiting for the chance for Varsity competition. The key to our success in the next two years will be our Freshmen program of 1974-75. They only lost two matches and tied for second in the League.

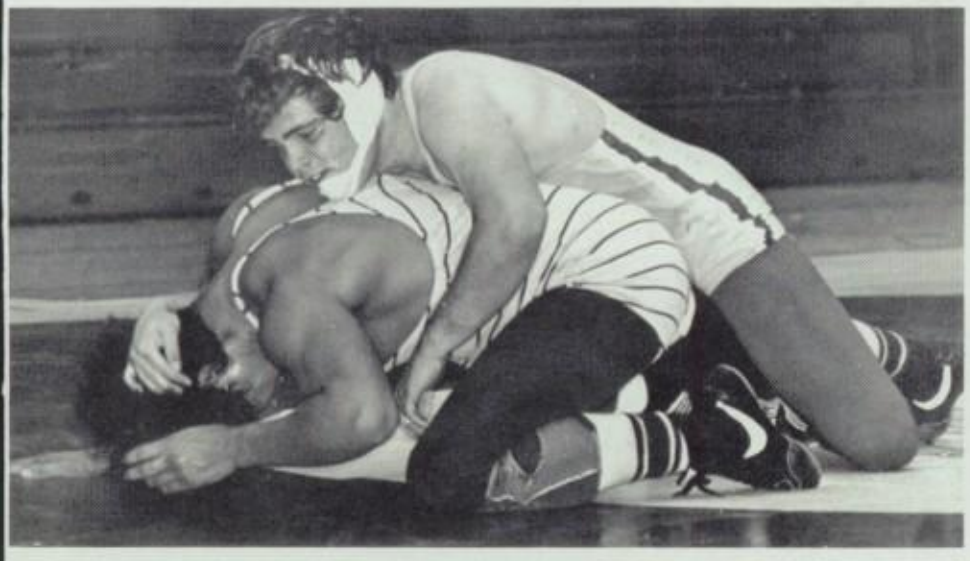
Don't Tell Me, Show Me



Santana's Varsity matmen enjoyed a productive season. Their record was four wins and six losses with one tie. Santana has the misfortune of being in the Grossmont League. This league is by far the best in the county. Santana was able to beat many of the other league champions in the county, such as Patrick Henry and Clairemont, of the Eastern and Western leagues respectively. As mentioned in the Coach's letter Santana was blessed with some fine wrestlers. Seniors Dennis Herrington at 123 pounds, Richard Carpenter at 157 pounds and Jeff Meyers at 178 pounds were the mainstays of the team. Junior Pat Vega, who was fourth in C.I.F. was one of Coach Richardson's outstanding wrestlers along with Juniors Paul Roche and Joe Henry. Santana can expect a great team in upcoming years due to a fine crop of J.V. and Freshmen talent.

Endurance, strength, spirit, and determination are what it takes for a victorious season and Varsity was blessed with those qualities. Varsity began their season by defeating Valhalla. They began by winning and prospects for finishing the season victoriously look very promising. 'Bee' Team Puts

Santana High School's Junior Varsity's track team as always was high in Sportsmanship but not so in points. As a whole the team was said to be good, as well as individually.

At the beginning of the season Randy Kirby had set a new pole vault record at 11'6".

Another first on this year's team was Evelyn Stanley, the first girl member of the boy's track team. Since Santana did not have a girl's team this dedicated freshman came out for the boy's team and made it as a miler.

C Track Sprints

Santana's "C" track team was only few in numbers but the efforts of the team were great. At the beginning of the season the team had no wins. Although they were starting the season on a losing note the expectations expressed by the coach and team members was hopeful. The members of this year's "C" team were as follows: S. Jekins, B. Peckham, B. Johnson, M. St. Clair, M. Hill, T. McClough, W. Davidson, C. Murguia, J. Partin, R. Dillinger.

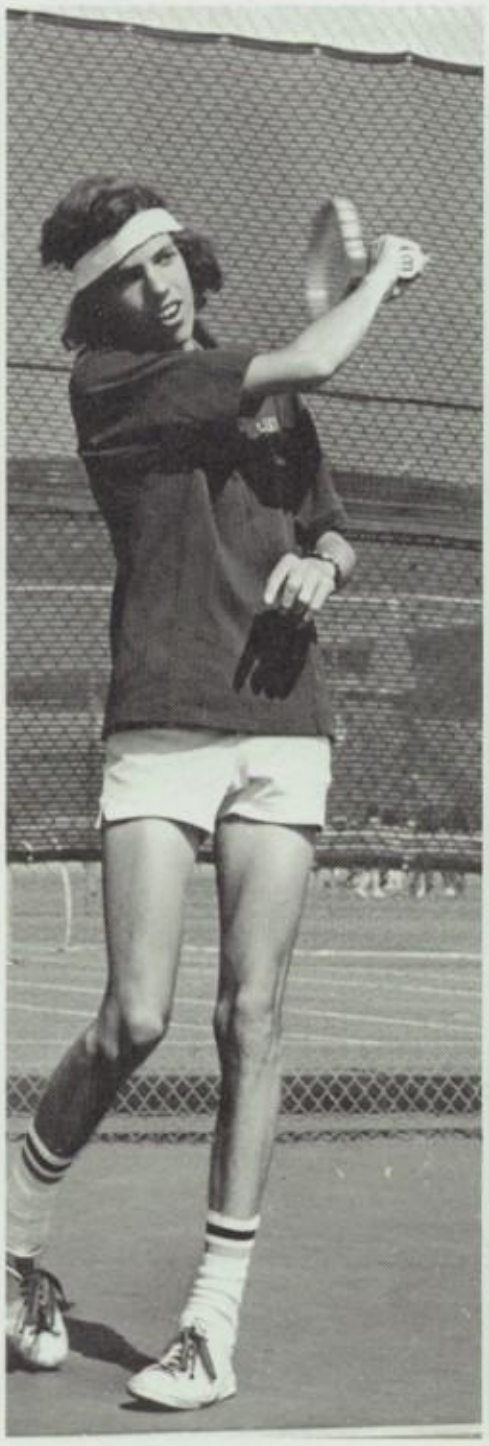
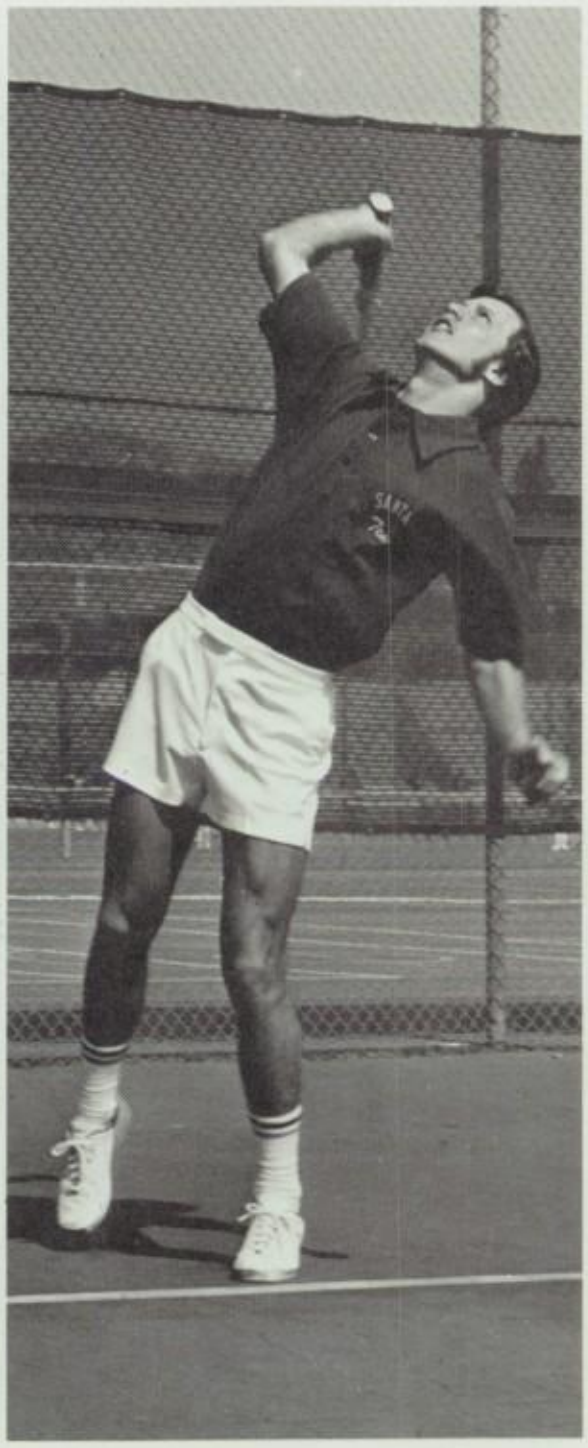
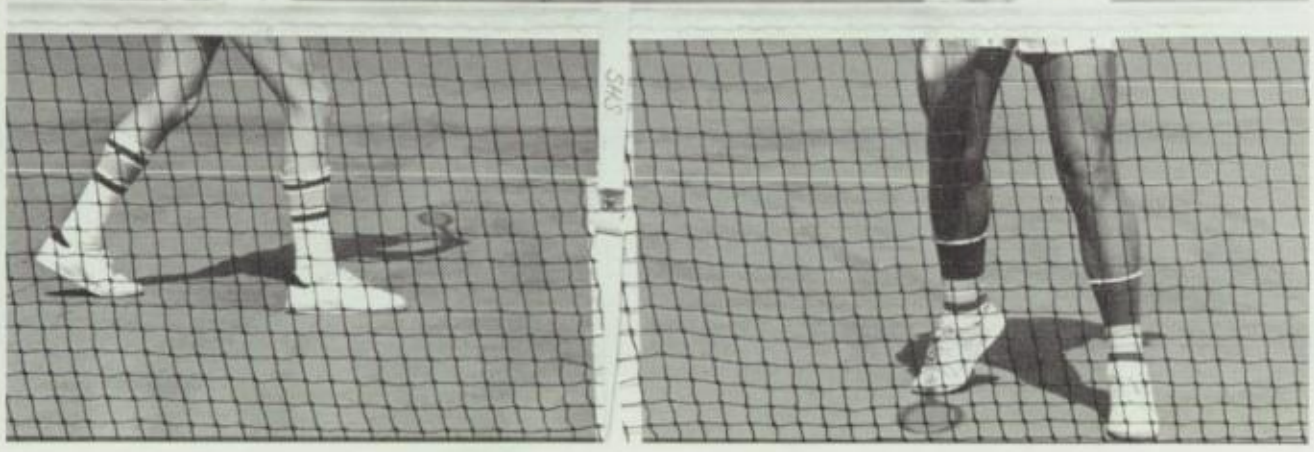
"Lob Story"







The 1975 Sultan Tennis Team was described by Coach Turner as "a bunch of scrappers, very competitive. We hope to be representative." Seniors Doug Wall and Jim Rosner were the early season leaders of a varsity team that was composed of a good blend of seniors and underclassmen. At yearbook press time all three Santana teams had opened with victories over Monte Vista. The scores were, Varsity-21½ to 6½, JV-25 to 3, and the Frosh were victors 16½ to 11½.

Girls' Tennis Swings

Being young and inexperienced the Santan's Girl's tennis Team was not the championship team all might have hoped for. However, the important thing is they have improved to the point where they were truly champions within the team itself. They must be congratulated for their great effort.

The girl's started out under the direction of Miss J. MacDonald who was unable to continue her coaching. At this point Mrs. Turner took over the position as the girl's coach helping to improve the girl's serves, forehands, backhand and other problems that needed to be corrected.

On December 1st the Girl's Sports Award Banquet was held. Awards were given to most valuable player-Janet Boyle, most competitive player-Sue Horning, and the most improved player-Kathy Eiring.

Sultans Seek To Club Opponents in '75

It was a good year to putt around in golf. There was much competition especially with Grossmont, Monte Vista, Granite Hills. But with the great team we had, and our returning lettermen; Dave Morgan, Mike Hart, Dale Davenport, Joe Verdone, Russ Scultz, golf was expected to be a great success. Much credit is due to one of the best, Coach Curran.

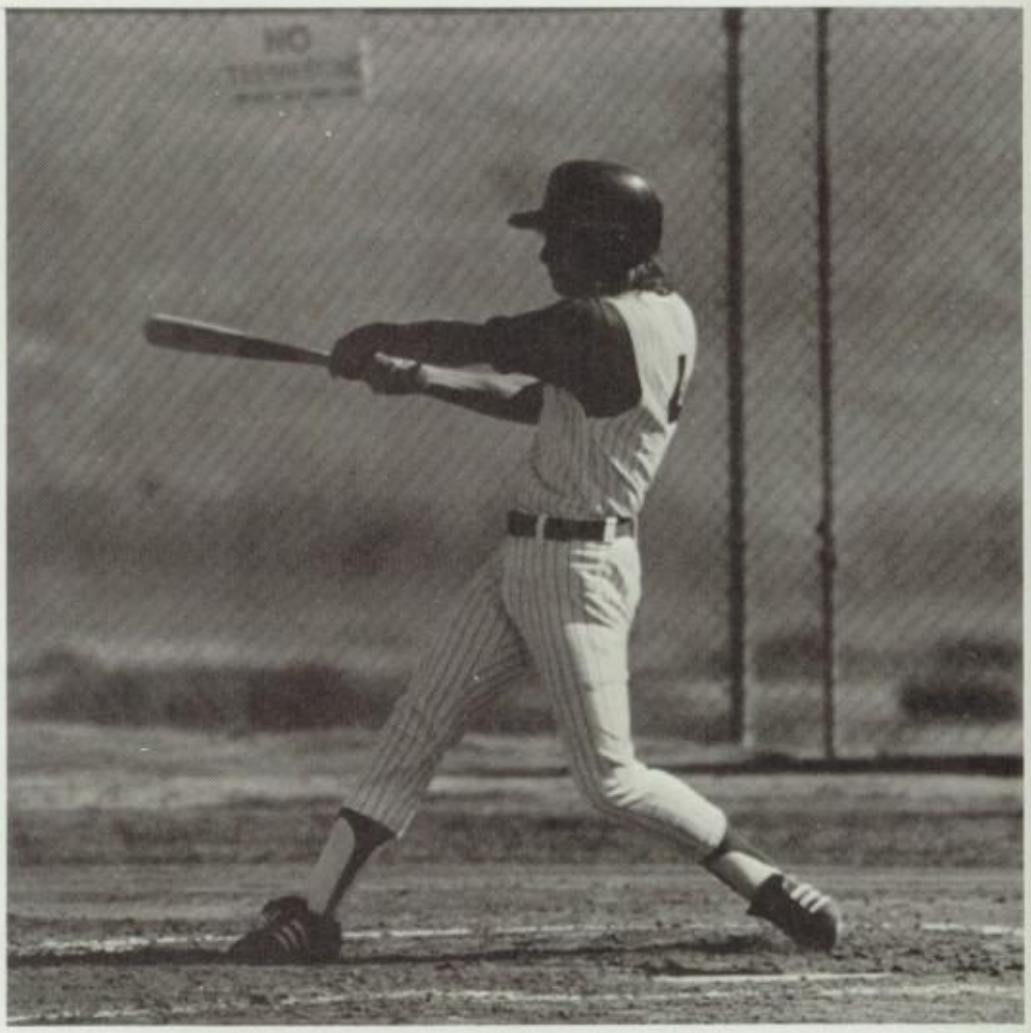
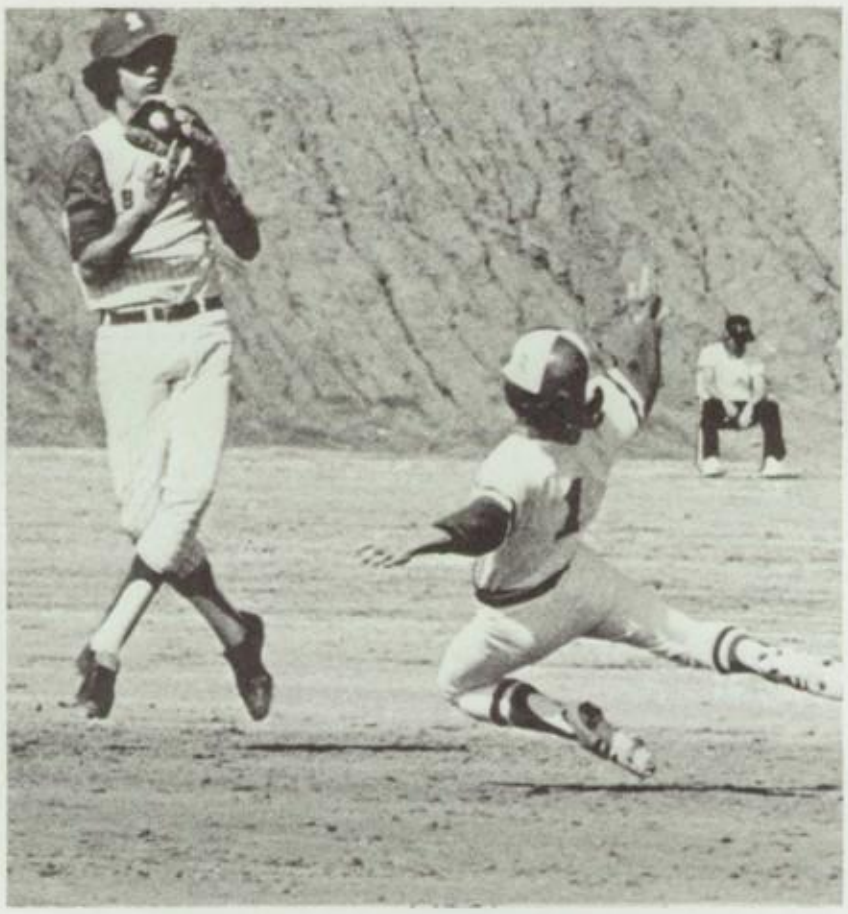
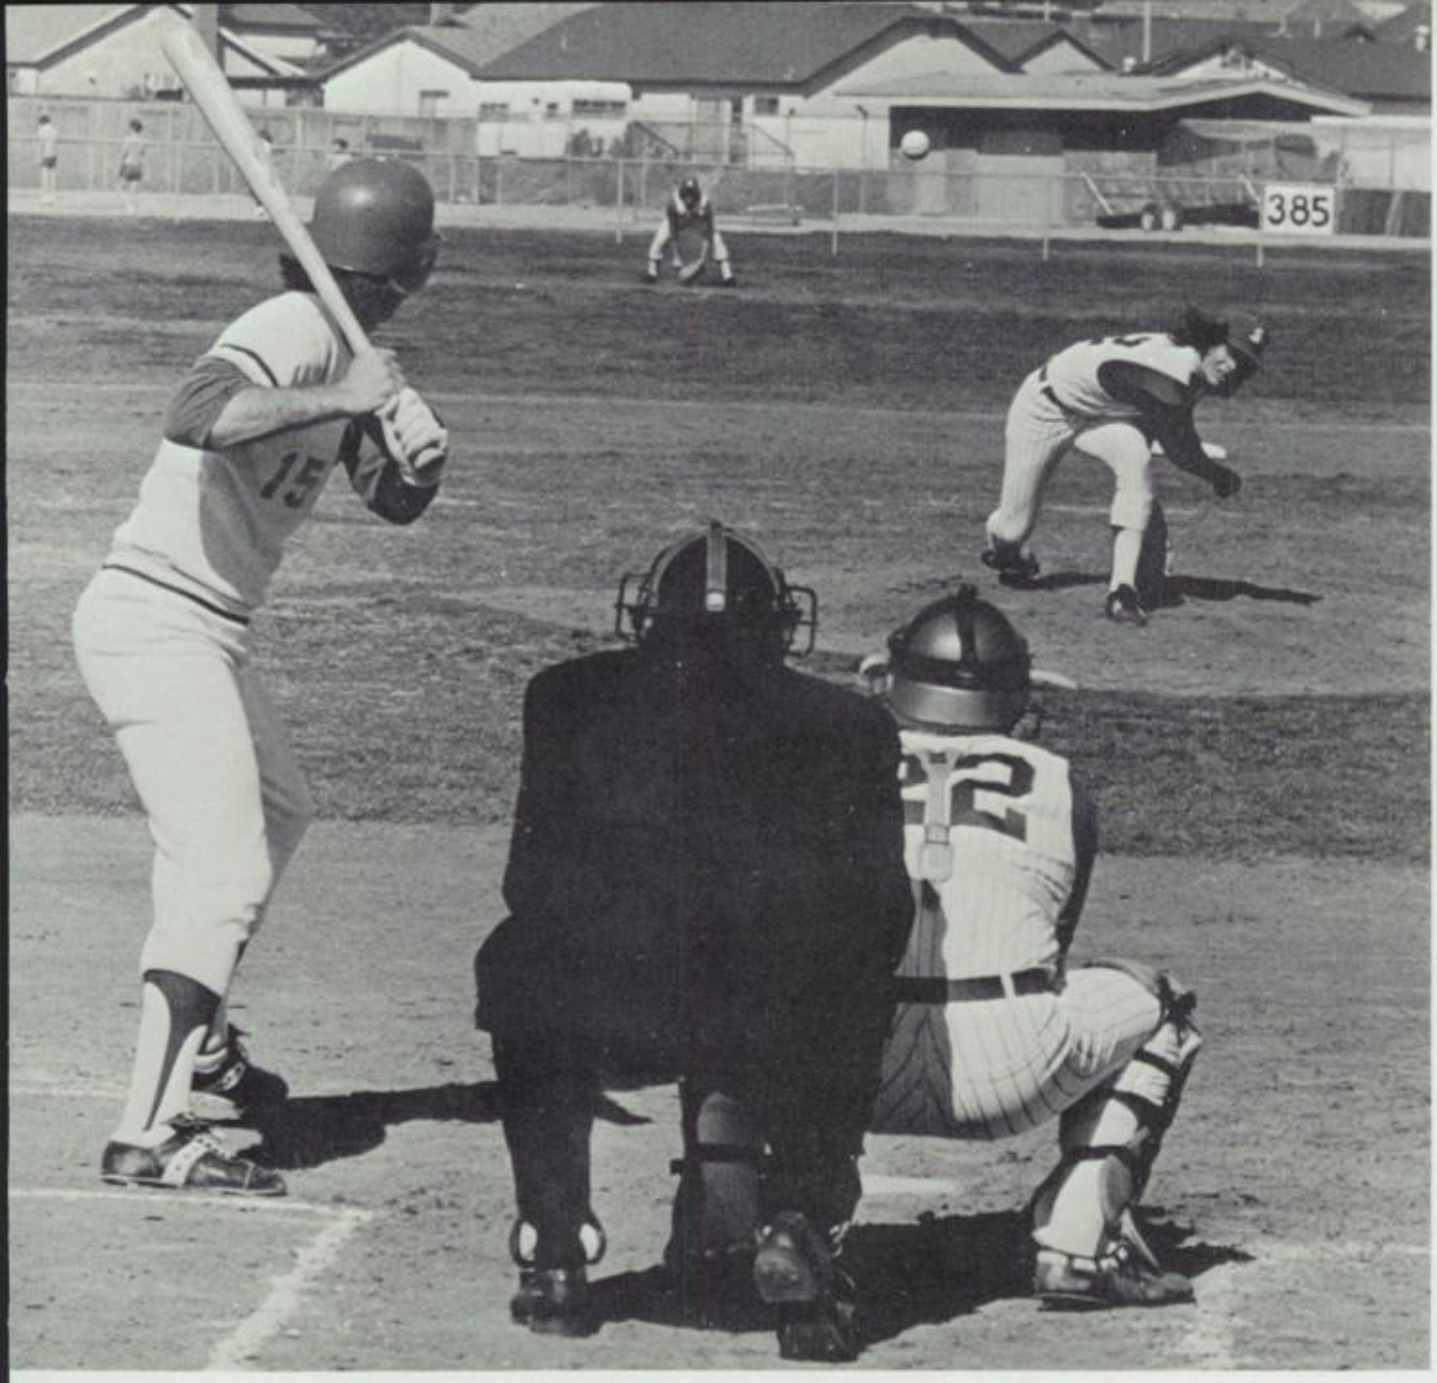
The Look of Champions

Sultans take the Field





Top left; Pete Parsons floats on air going back to the dugout. Bottom left; shortstop Dave Bryan prepares to tag out sliding opponent. Top right; Junior Dan Meza demonstrates his homerun swing. Bottom right; Sultan second baseman Kevin Akenson has a captive audience as he strokes another base hit.



Top left; Sultan ace hurler Scott Bready delivers the pitch in perfect form as center fielder Pete Parsons anticipates a basehit. Above; Kevin Akenson surveys the scene from second base.

This year the varsity baseball team started off the season with a 9-1 record. All but one win was in non-league play. The lettermen that returned from last years' 14-9 club were: Curt Gandy, Scott Bready, Perry Strahan, Pete Parsons, Bill Bryan and Kevin Akenson. Three other seniors, Dennis Carlson and Bill Zdvarak, John Bobof played JV last year. These were nine JV players coming up from the previous year. They were: Dan Meza, Jackie McGinley, Buster Abbas, Rusty Blake, Scott Ritchie, Tom Tunnel, Dave Bryan, Steve Holstein and Mike Barrack. The luxury of this year's team was that everyone could hit, which makes Coach Nellis's job of chosing starters an enjoyable problem, especially with very competent back-ups behind the starting nine.

The team is threatening several league and school records. With the first three teams in the Grossmont League going to C.I.F. playoffs, the team stands a good chance of being in that group. The teams have fine coaching from head coach Marty Nellis and former Sultan, Mike Saska.

The team would like to thank our fine managers, Lewis Billings, Lance Stallings, Dave Sandey and to our scorekeeper Val Huffman.

Captain Kvin Akenson

As of April 5th Santana was rated number 1 in the county by virtue of their wins over powerhouses Kearny and Clairemont. The varsity team placed second in the Lions Invitational Tournament over the Easter vacation.

Above; Firstbaseman Curt Gandy fouls off pitch as fans look on.

J.V. Follows Varsity's Footsteps

The J.V. had a 7 win, 1 tie, 1 loss record at this writing. The team played good baseball except for occasional bad innings. If the team can eliminate these few innings, the Sultans will finish with an outstanding record. Standing from left to right are; Lyle Davis, Steve Newark, Randy Peterson, Robert Simons, Richard Link, Mark Orr, Mike Zack, Bill O'Connell, Miguel Gamboa, Ed Reese, Coach Bill Homik. Sitting from left to right are; Bill Bowen, Tim Abbas, Lonard Declercq, Chris Boyle, Richard Gerleck, Jeff Newark, Ken Flores, Woody Rand, Mike Spees, Rick Martin, Kenny Mullens. Saska's Sliders off to Fast Start

Santana's Frosh baseball squad looked impressive in practice and is expected to do well in league play. The players on the Frosh team are gaining valuable playing time and will build a formidable J.V. of the future. Standing from left to right are; Coach Mike Saska, Bill Waters, Leonard Arnold, George Gastellum, Stanly Street, Richard Ott, Don Powell, Jeff Rodchester, John Truitt, Warren Tunnell, Dan Orr. Kneeling are; Dan Barrack, Dennis Lathrop, Jim Carrapell, Jamie Douglas, Mark Scott, Don Hiler. Bottom left picture Warren Tunnel gives them what he's got. Bottom right picture Bill Waters smacks one out there.

Person on the street interview:

What was your most memorable moment in Santana sports?

Athletics was a part of high school, not only for the athletes but for the fans. We asked several Senior athletes what they felt was their most memorable moment in sports at Santana. Here are a few of the printable answers we received.

Going to C.I.F. and today's game

Bill Murphy

When I ran that 90 yard kickoff return and got two interceptions against Mt. Miguel this year. Going to C.I.F. in Basketball.

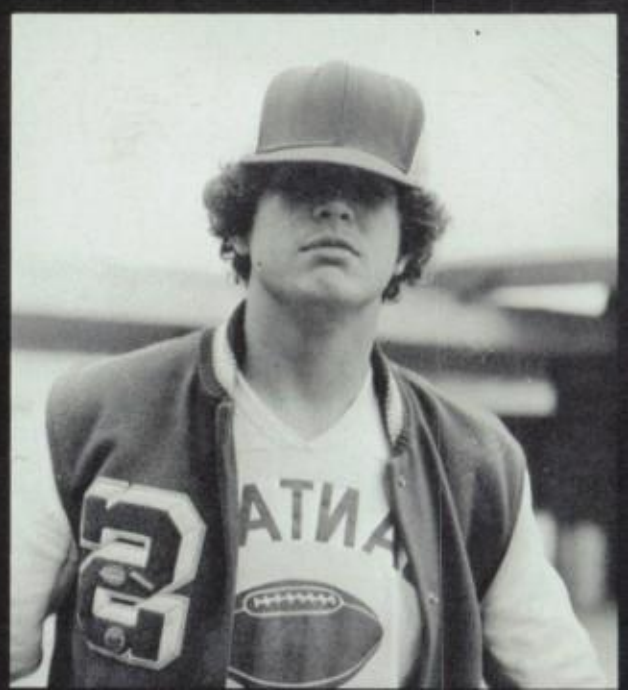
Rodney Kelley

Santana vs. St. Augstine our Freshmen year I kicked # #! This one dude, we just collided, saw stars and everything.

Scott Brady

Getting fingers in my eyes, malicious mischief, post session, after games, Jack-in-the-Box. The sports were *#*#'!

Rocky Thompson



Well, its very hard to single out one event out of my many athletic triumphs. There's the day the C.I.F. said it was o.k. to swim in meets carrying my rubber duckie-that was great-and then I ditched taking a shower for the entire football season-that's a record-or my score of 62 in golf-the best I ever shot for 3 holes.

Jerry Jock

Boys' Swim Team Plunges

First row, J.V. left to right; Bob Rzewuski, Don McCall, Krause, Mike Hartpence, Skip Napier, Mark Ziegaus, John Larry Blanks, John Jones.

Into '75 Season

The swimming program, headed by Coach Richardson and Coach Olsen, was one of youth and inexperience. The team had only two seniors: Mike Hartpence who swam freestyle, sprints, and breast stroke; and Mark Ziegaus who swam the 200 individual medely, butterfly, and the freestyle. We were fortunate to have an excellent alround swimmer, John Leitlein, a junior, who swam distance freestyle and helped out in many other events.

Optimism was still high though they opened the season with four consecutive losses.

Jeff Orr, Alvin Peterson, Sam Bruce, Frank Scialdone, Mike Scialdone, Richard Miller. Second row, Varsity, left to right; Jim Leitlein, Gary Danielson, Dave Henselmeier, Stan Rayborn, Bill Kelly. Not shown; Scott Davis, Randy Hoffard, Tom Lamb,

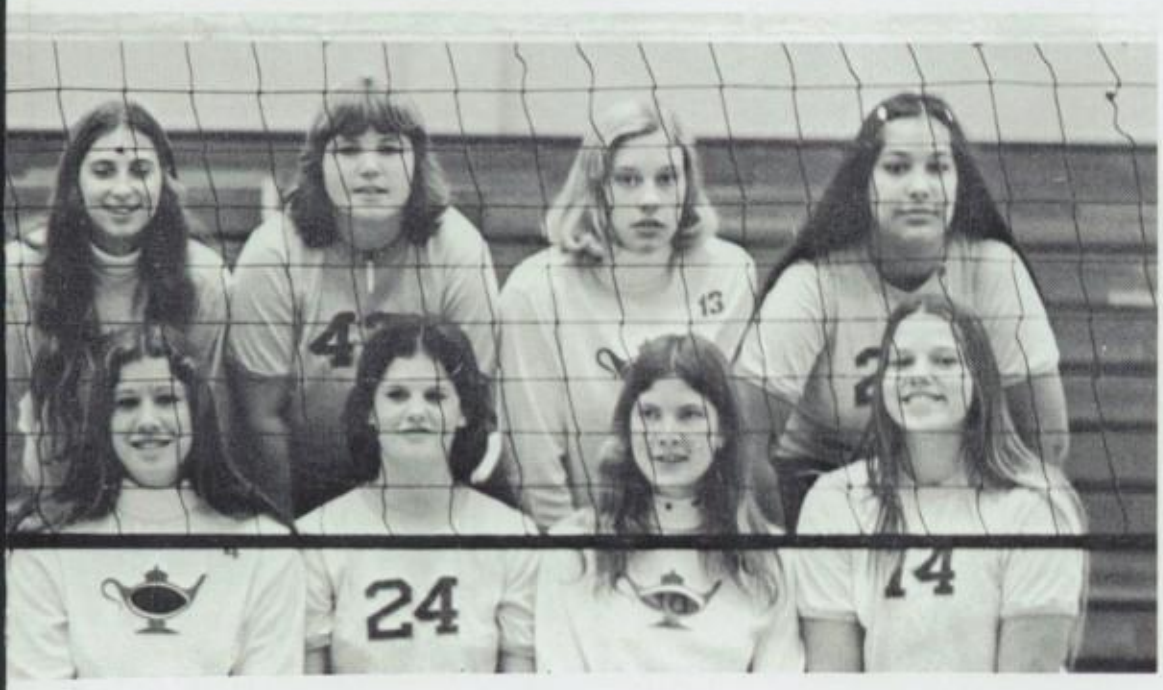
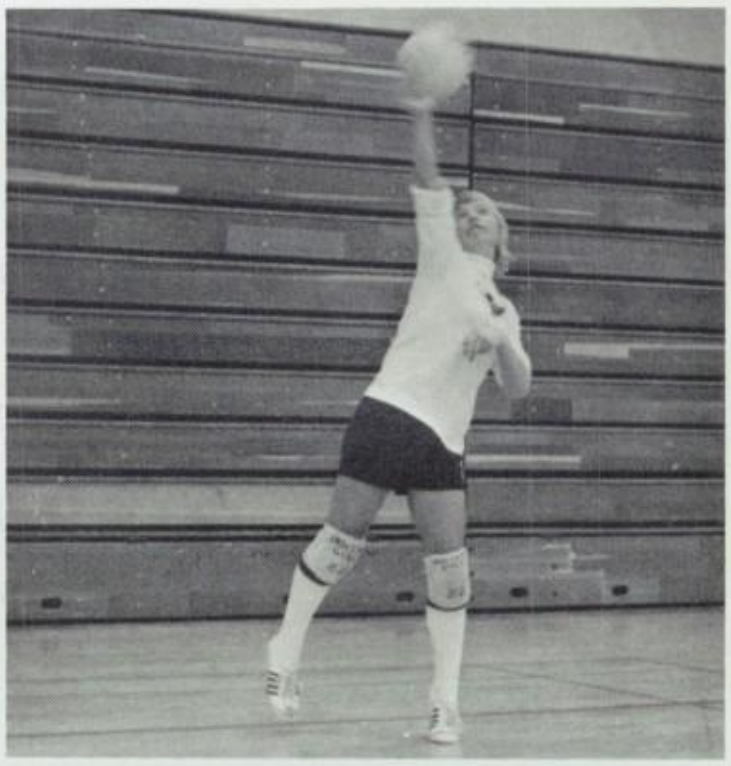
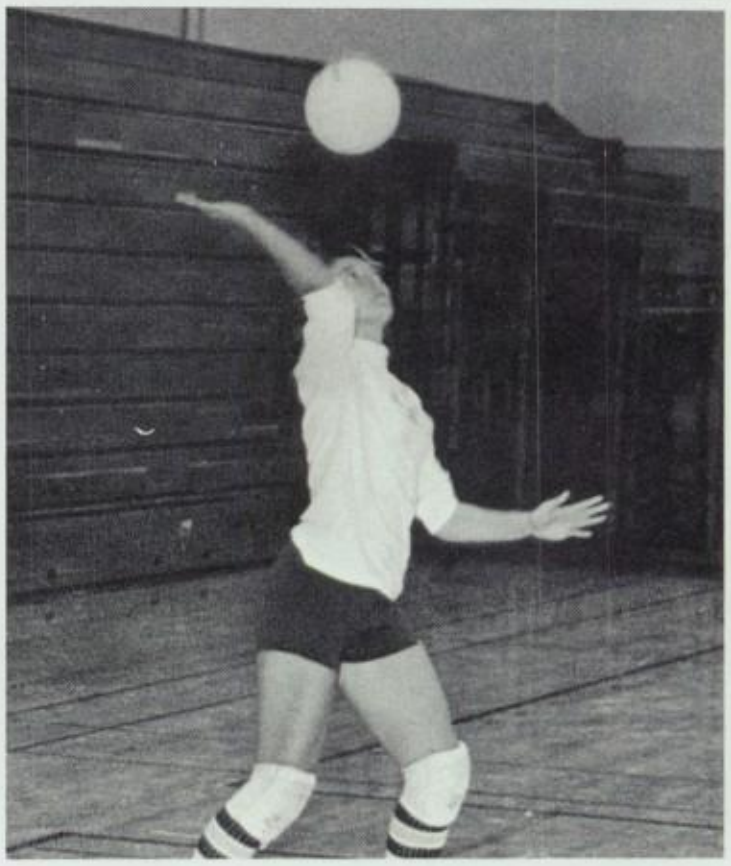
A Tough Season







Santana girl's volleyball had a disappointing season record of two wins, six losses, although Coach Joann Climie said the team played well and lost only by small margins. The team awards went to Debi Spees and Caryn Thornburg, for most points scored for "A" team, Paula Edgington, most valuable player "B" team, and Allison Goodman, high team scorer, "B" team.

GIRLS' GYMNASTICS

In the past few years we have been proud of our gymnastics team. Under the skilled coaching of Mary Daniels they have taken many titles. Last year the team went to CIF and came out first place. In year's before they have taken many district meets and won county titles. This year's Varsity Optional team consists of; Shelli Baldwin, Terry Fletcher, Angela Gudde, Susan Irion, Anne Machanis, Debbie Orr and Sherry Rice.

I was Sitting in the classroom,
Trying to look intelligent.
In case the teacher looked at me,
She's an inspiration,
For my graduation,
And she helps to keep
the classroom sane.
It's a natural achievement,
Conquering my homework,
I'm looking like a zombie,
I'm waiting for the bell to ring,
I've got John Wayne stances,
I've got Erroll Flynn advances,
And it doesn't mean a dog gone thing

Oh teacher I need you
Like a little child
You've got something in you
To drive a schoolboy wild.

You give me education
So focus my attention,
Help me get straight, come out and say
Teacher I, Teacher I, Teacher I,
Teacher I need you.

Elton John

The teachers at Santana High School are people to be proud of. They do more than just teach a class. This year the teachers really got involved with student activities.

A good teacher is a mixture of things. He has to not only have the knowledge for his subject, but also a good style in which to teach it. A good teacher must also care. He has to be interested in his students and school activities. Santana has many of these teachers and would like them to know that they are greatly appreciated.

Santana is very fortunate to have a capable crew of Classified Personnel. All are hard at work, usually from 6:30-3:00 every day. Running the budget, fixing lunches, keeping records straight, hauling kids to and from school and keeping ours the beautiful campus it is, is just a mere fraction of the many jobs these people do. Person on the street interview:

What do you see as Santana's outstanding strengths and weaknesses?

Your "Person on the Street" reporter approached several faculty members to acquire their opinions on the question "What do you see as Santan's outstanding strengths and weaknesses?" The answers below were a few of the "printable" ones we received.

"I think the school as a whole is beautiful. We also have a good staff and superior teachers. I also think the kids are really good."

"The administration sometimes bothers me because they just react, but they don't lead. The text books are outdated and there aren't enough of them. Money is a problem because it is distributed unfairly."

Mr. Richard Beach
Social Science

"I think the most outstanding strength of the school is the kids. We also have some really good teachers here too."

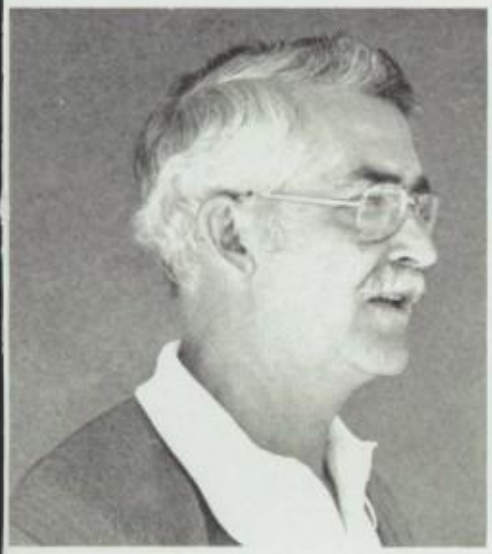
"Our campus needs to be landscaped and we need to improve and add to our facilities. Spirit has been too low since split sessions.

Mr. Joe DiTomaso
P.E., Coach

"I would say that some of the good points are our fine faculty. Our student body are very friendly and will, for the most part, make very fine citizens. The students take interest in school activities. We also have a pleasant atmosphere that is condusive to learning."

"A weakness is that the students don't work unless they are pushed."

Mr. Ed Noble, Mathmatics



"Compared to other high schools we have a free atmosphere, it's clean, people are friendly and the students are very enjoyable to the faculty.

"There isn't very much wrong with Santana except that there is no way to say no to the students and make it stick. There should be fewer students and no double sessions. Split sessions have caused us to have three different schools, Vø-Tech, Sophomores and Freshmen, Juniors and Seniors, so we don't have the same interest like we should."

Mr. Don Robertson
Social Science

"The strengths is the coffeee in the lounge, Mr. Herzog's muscles, my student's breaths on Monday and Friday last period. The weaknesses is not enough of the three R's - rockin, rollin and reeeeelaxation.

Presenting . . . Student Life, a new idea from the creators of your Yearbook. This small six page section tells about the lives of students not only in class but at work and even play. Jam packed with pictures, which "tell a thousand words" each, it serves as a reminder of a year we shared with smiles and frowns. Its only purpose is to instill in our memories the moments we had just being ourselves. Our reactions and even our thoughts have been recorded in these few pages. And now, without further ado, we give you . . . Student Life.

Who am I, and why am I here;
where am I going and

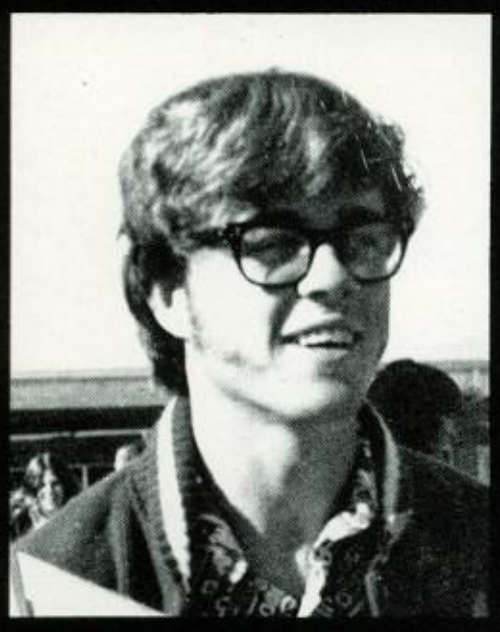
Person on the street interview:

What do you think is the solution to the restroom smoking problem?

One of Santana's biggest discipline problems was smoking in the restrooms. Looking for the solution to this problem, which affects future Santana students, we questioned quite a few students to find their opinions of the problem and its solution.



I really think the students should discipline themselves and they should start a smoking area for people to smoke, but I think the students should discipline themselves.

Jim Moore

I think there should be more Narcs in the bathrooms to keep people from smoking. They should also put the doors back up because there are people who use the bathroom for other things besides smoking.

Vicki Ramey

Lock the restrooms or make a room somewhere where students can smoke.

Becky Nichtern

Well, personally I smoke for taste and do you realize what those restrooms do to the taste of my Marlboros?

My 4 years at Santana would never of been FUN without the teachers I've had. Mr. Staples - for his vocabulary tests. Mr. Baer - For never loosing his cool. Mr. Hare - For the Top I won off my A+ test Mr. Hombs - For being handsome. Mrs Ratsaert - for just being herself. Mr. Scholten - For a fun class and my babysitting job. Mr. billiam and his life story. Mrs Treat and her plays. Mr. Findley and his fun Geo. class. Mr. Guess and his bright Ideas for the year book. Also for being sweet as ever. And the Greatest Teacher ever Mr. Beach. I've never learned as much in 4 years as I did in one sem. of Mr. Beach's class. Thanks To all of you

Sophomores Project Into '77'

This year the Sophomore Class has been concerned with introducing new ideas and projects. The Sophomore Class has also kept the successful old traditions, having Doctor Dean and such, as a means to raise money. The class of 77 has made way for a fun and enjoyable year for all of Santana High. These officers are from L to R Senator-Jens Burkhart, President-Bev Hanson, Secretary-Cathy Barber, Vice Pres.-Tony Brundage, Bottom Row-Treasurer-Kim Bragg, Activities-Kathy Akers, Publicity-Elaine Murphy.

V.T. McLaughlin

A Mass for Vincent T. McLaughlin, 16, was said today at Guardian Angels Roman Catholic Church, where he had been an altar boy. Entombment was in El Camino Mausoleum.

Vincent, a native San Diegan, died Saturday at a hospital after a motorcycle accident.

He lived in Santee and had been a photographer for the yearbook at Santana High School. Dec. 1-82

Survivors include his parents, Paul and Mary, a sister, Therese Hogan, and a brother, Paul, all of San Diego County; two grandparents; and a great-grandparent.

Paris-Frederick Mortuary was in charge.

A school, like a child, begins under the strong guidance of the parent and then, with maturity, picks up the responsibility for its own destiny. Santana High School was born with the hope of teachers and administrators to be a particular kind of school. It was to excel in providing its students with experiences of high practical value. It came into being with a special emphasis in vocational education and the laboratory or experimental approach to learning.

Santana High School now is ten years old and stands as a mature high school. It now has the obligation and the privilege to mold its own purpose and design its own destiny. It must re-examine the purposes with which it began in the light of its present student body and the nature of society in the 1970's. It has been and continues to be an outstanding high school. With the sincere and conscientious efforts of students, staff and parents, it can increase its sense of relevance and make its second decade of life an even greater one.

STUDENTS, FACULTY AND PARENTS:

This is the tenth anniversary of Santana High School. It opened its doors ten years ago under Mr. Robert Spencer's direction and guidance, with a student body of approximately 1,000. Ten years later we are on double session and have a student body of 2,500.

We have had facilities and change of faculty, but the basic premise set up by Mr. Spencer still holds true— that Santana High School would be a comprehensive high school, presenting opportunities for all students in all areas of learning. I believe that this has been and is being accomplished.

The student body has also produced C. I. F. champions in both boys' and girls' athletics — Boys' Baseball, 1970, Girls' Gymnastics, 1973.

It is my hope that the student bodies of Santana High School, in the future, will be as productive in the next ten years as in the past ten years.

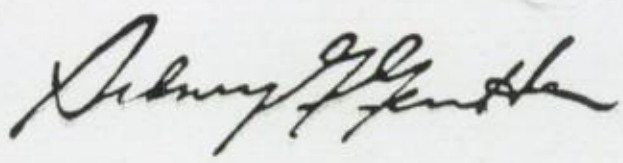
District Superintendent
Grossmont Union High School District



Speaks For Its Self

Spencer Selected Santana Principal

Robert M. Spencer, 41, vice principal at Granite Hills High School, was named principal of Santana High School, which is to be built in Santee, by a 4-0 vote of the Grossmont High School District trustees Thursday. Trustee Palmer Svalstad was absent.

Spencer, his wife Emma, and their three children—Derenice, 8; Robert, 6, and Elizabeth, 3 — live at 548 Joey St., El Cajon.

He has been with the GHSD for 14 years, beginning with four years as a social science teacher at Grossmont High, and two years at El Cajon Valley. He then spent three years as a counselor at Mt. Miguel High. He has been a vice principal at Granite Hills for five years.

Spencer said that he was "very happy" with the trustees' decision, and that the job would be a "great challenge." He added that Santee would be "a great community to work for," and that Santana would be the first high school to be identified with one community.

"The people of Santee deserve our best efforts to make the high school comparable to or better than the others in the district," he said. He expressed his thanks to the board, and said, "I hope I can do the job it expects."

Robert M. Spencer

Spencer will start going over plans for the school immediately with District Supt. John T. Warburton. He will assume his new duties in February, but will remain at Granite Hills until then.

Others considered were vice principals Virgil Duea, Mt. Miguel; John Barrons, El Capitan, and Fred Greta, El Cajon High.

'Santana' Picked As School Name

SANTEE—Young and old Santee residents have chosen to name their high school for one of the great winds of the world.

Santana High School was the choice of 732 of the 1,470 persons who cast ballots Tuesday.

Santana is a contraction of Santa Ana, the name of a Southern California wind that ranks with India's monsoon and the chinook of the Pacific Northwest, according to the U.S. Coast and Geodetic Survey report.

It has been referred to as "devil wind" because of its intensity. It usually results in clear days with hot, dry winds.

Official vote released this morning by Grossmont Union High School District showed these counts: Santana, 732 votes; Santee, 560; Fanita, 114 and Rio Seco 64.

Santee students attending El Capitan High School cast 750 votes. Eighth graders in Santee School District cast 335 ballots, and Santee adults 385.

The results will be reported to the district board Monday night by Red Wagner of the Santee Citizens' Committee, which helped arrange the election. Dr. John T. Warburton, Grossmont superintendent, has announced that he will recommend acceptance of the top name.

The $2.6 million school will be built at Mast Boulevard and Magnolia Avenue. It will open in September.

A footnote to Santana's ten year history was the announcement that Mr. Gerstler, principal since the school year of 1970-71, will be leaving Santana. In a principal exchange with Monte Vista, Mr. Bob Brady was to become the principal in Santana's eleventh year.

'Rio Seco' Criticized

SANTEE—The Santee Coordinating Council, which represents 16 community organizations, Tuesday protested the name chosen for the new high school to be built at Mast Boulevard and Magnolia Avenue.

The name—Rio Seco, meaning dry river, was objected to on three counts, said Don Coulson, council president. The objections are:

1.—High school students in the area have paraphrased the name into an objectionable term.

2.—Three group representatives commented that the San Diego River is not a dry river, but an underground river.

3.—The action by Grossmont Union High School District trustees was taken at a meeting attended by only three trustees, and one of them dissented.

Council members were asked to submit names for the school at a Nov. 24 meeting, Coulson said. The names will be presented to the district trustees, he said.

Santana High Seeks Colors, Nickname

SANTEE — Students at Santana High School will be asked to supply the color for $11,000 worth of band and athletic team uniforms.

Principal Robert Spencer said students of the new school will decide what colors their school will use. They'll have an election to choose the colors and pick a school nickname.

DATE NOT SET

Spencer said the date of the election has not been set, but that students and parent groups are considering various suggestions.

Members of the Grossmont High School governing board have approved expenditure of $6,000 for band uniforms at the new school and $5,000 for athletic uniforms.

Spencer said the school's band probably will number 65 to 70 members in its first year.

FALL OPENING

The new school, a $2.6 million plant at Mast Boulevard and Magnolia Avenue, is scheduled to open in the fall. It will be the Grossmont district's eighth high school.

Enrollment at the school is expected to be 1,150 during its first year of operation.

Spencer will head a staff of 70 at the new plant.

The Way They Were

Santana High has grown immensely since those days of 1965. When Santana first began it was surrounded by cow pastures, it had a population of 1,350 and bleachers on only one side of the gym. In 1966 we recieved our first AFS student, Sibylle Deutelmoser from Germany. Following Sibylle there were AFS students from Norway, Thailand, Afghanistan, Peru, Italy, Turkey, Sweden, Switzerland, Uganda, Japan, and Austria.

Mr. Robert M. Spencer served as principal of Santana from 1965 until his death, from cancer in 1971. Mr. Sidney Gerstler, who was then vice-principal, became principal. Other members of the faculty and school employees, lost to us by death were: Eunice Hopewell, a member of Santana's classified personal, in 1973. Mr. John Drenth, a business teacher, in 1974.

In 1968 we had the amazing student boxing show featuring Archie Moore as referee. Mrs. Daniel arrived at Santana and Championship girls gymnastics teams followed. Santana's basketball team went to C.I.F. in 1968, and Santana's baseball team won the C.I.F. title that year. In 1971 the Sultan's football team also made C.I.F. Through the years 8 pitchers from Santana have signed pro contracts.

The temporary buildings were added to Santana's campus in 1968 and the grounds were landscaped in that year also. In 1967 a dome was built over the center of the library where it had been open before.

Double sessions were started in September of 1971 with Sophomores, Juniors and Seniors went to the morning session and Freshmen had their classes in the afternoon session.

These were just a few highlights of Santana's ten years in existence and in 1975 we have continued to make history.

Mike-
will yet
another year
has past. Though
I've not met you this
year I'll really value
your friendship. Hope you
have as good a summer as
I'm going to. Keep your head
and stay out of trouble
most of all. Have a
blast. Love Jacque
Bish

mike,
You a really
nice and cute guy.
I didn't get to talk
to you much this
year. maybe next year.
Oh well, Have a good
summer.
Love ya,
Linda
Dearland

Mike
Didn't see
too much of you
this year. Hope to
see more of you in
the future. Best of luck
in Everything.
Vicky Miller

Mike,
Sorry if
I ever did
anything to
make you hate
me, cause I
really like
you alot
oh well
whatever!
It was nice
while it
lasted.
Love ya

Days.
Heartaches;
tear drops turned
to raid.
A smile that cuts away
the mist
The eyes that say so
much
Running our paths
Tapping to a singer
drummer
muting in the
center.
Fly away with
me.
Kiss my hallow
shell
Unsealed
Set happy
We finally can
Share the
same dream.
Fantasy.

Mike I don't
Mike I can't act
is fact in fact
is fact in fact
is fact in fact

Mike

although I see
through people
see but all I can not
put into words what I
can really say is
you are a really good friend and tonight
why I can really see
really I am really fucked up. I can't really see
person that I am really fucked up. I can't really see
a good friend writing but you are a
that really friend and you are a
really know
who ever you do know
so with me and you don't let
and don't let
all night
it easy
any thing
I really want me to
talk to me
not
am
P.S. I am not kidding.

loaded because of you
